Dear colleagues, 
dear parents and students, 
dear all other staff, 

First of all I would like to welcome our new colleagues and staff members Levi Gütter (Voluntary social year), Thomas Benze and Zuhal Algöz (Social education trainees) as well as the cover teachers Thomas Führer (PE), Sören Felmeth (Chemistry, Biology) and Büsra Aydin (German, Art) and the colleagues Niko Breymann, Filiz Karakilinc and Christa Pagel who are assisting and supporting Year 5 team. We are pleased to welcome our trainee teachers Teresa Ziegler, Anna Lena Meyer (former cover teacher) and Jana Dinkel.

At the beginning of the academic year our Year 5 group went on a year trip. This time they went to Adventure Camp in Walsrode. The tent village and various adventurous activities were a great and unforgettable experience for everyone.

On 31st August the first Youth Art Festival took place in Gröpelingen. Our DaZ (German as a foreign language) students participated at the Festival and performed very well there.

Physical exercise is healthy and fun! That's why Ms Borngräber encourages her colleagues to join her fitness and dance courses during the lunch break on Tuesdays and Wednesdays on Year 6 floor.

From 10th to 15th August as a part of our cooperation with the Theatre Bremen class 6c together with the actors of the theatre worked on a new theatre performance. A premier on 15th August was a great success.

On 10th September teachers of Year 8, 9 and 10 teams joined ArcelorMittal Bremen GmbH factory tour in order to get an insight into various job opportunities and activities of the company. It is very useful for consulting Year 9 and 10 students to choose the right job and the company for their work experience.

On 26th September during Bremer Schulkinowoche (cinema week) Year 6 students watched the film “Meine teuflischen Freunde”.

On 27th September Year 5 and 6 students played various sport games. It was great fun for everyone.

Our school campus with the elementary school Humannstraße is continuously expanding. Elementary school Humannstraße is responsible for the school garden. During the 'Day of Caring' the company Melitta Bremen worked in our school garden. They did a great job and prepared it for further projects.

I also want to mention our student Sura Aydin from class 9b. Sura has received a scholarship from the START-Foundation. Congratulations! I would like to thank Sura’s class teachers for supporting her. On 24th September the admission ceremony took place at Niedersächsische Sparkassenstiftung in Hannover.

!!! PLEASE NOTICE!!!

On 15th October an internal teaching staff training will take place. Therefore we start back at school on 16th October at the usual time.

Finally I would like to thank everyone for the wonderful teamwork and I wish you all a very relaxing autumn break.

Kind regards
Sabine Jacobsen
- Principal -
